Some comments from the over 75's in scheme:

"Rachel has been extremely helpful & supportive during and following her visit here."

"I have found it very helpful. Information has been readily available to enable you to improve my general health"

"Rachel has been extremely helpful & supportive during and following her visit here."

"I have found it very helpful. Information has been readily available to enable you to improve my general health problems"

"As I get older I find myself more vulnerable"

"Hopefully all over 75's in our surgery have already been contacted and it must be their choice whether to participate"

"You were very helpful to me when I was first discharged from hospital after my operation"

"A very good scheme your visit was much appreciated"

"No need experience good so far early days"

"You are well aware of the problems which will increase with our aging population it gives reassurance"

"Good to keep in touch be aware of changes"

"Excellent attention & assistance"
